

# How to Make a Hologram with your Smartphone

## Supplies Needed:

Window Sheet or Clear Plastic

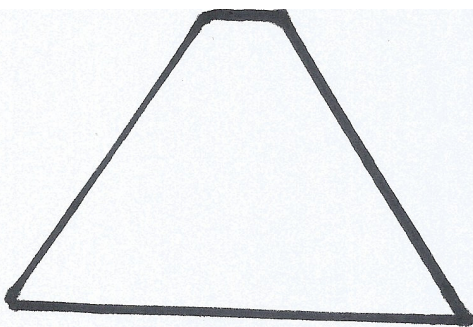

Scissors or Craft Knife

Transparent Tape

## Instructions:

1. Trace the pattern onto window sheet
2. Cut out with scissors or craft knife
3. Adhere the sides together with a thin strip of transparent tape
4. Search Hologram on YouTube to find videos
5. Place the cone in the center of the screen and enjoy your hologram!
