

How can we conserve water?

Why is water so important?

Diagram of Runoff:

Water Percentages on Earth

What percent of
Earth's surface is
water?

:

What percent of
Earth's surface is
fresh water vs.
salt water?

What percent
of Earth's water
is frozen,
underground,
and other.

THE EARTH'S WATER

Name: _____

Class: _____ **Date:** _____

Types of Clouds:

What powers the water cycle?

The water cycle...

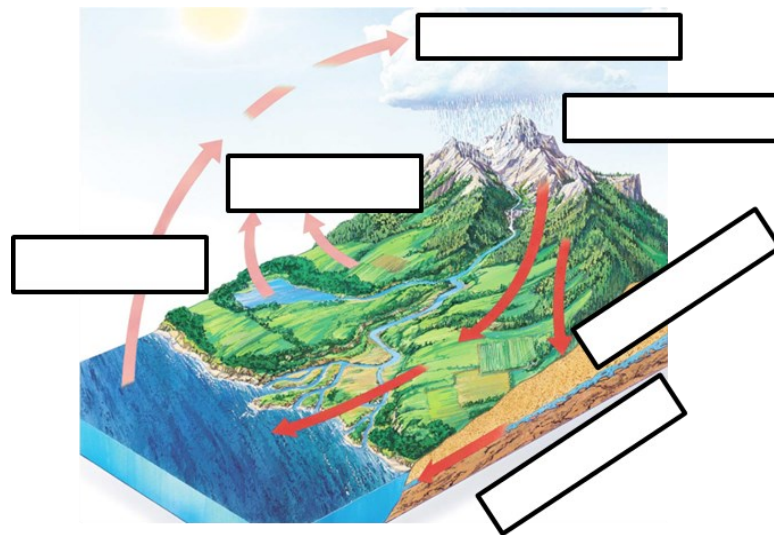

What are these processes?

♦ Evaporation:

♦ Condensation:

♦ Transpiration:

Label the water cycle diagram:
